

Choose, don't lose Union Terrace Gardens

Unless you vote to retain Union Terrace Gardens your city will never be the same again

Our belief is that many cities around the world would desperately love to have the type of central gardens we already possess. We cannot and should not allow the destruction of our heritage.

VOTE TO RETAIN UNION TERRACE GARDENS

www.friendsofutg.co.uk

Just a few good reasons for retaining the Gardens...

- ❁ **Union Terrace Gardens are part of your heritage. The city centre landscape will be irredeemably changed by the bulldozers.**
- ❁ **Aberdeen City Council is already £562,000,000 in debt. Who do you think will end up paying £70,000,000+ for this uninvited project?**
- ❁ **Many of the trees and features in the gardens that were enjoyed by your parents, grandparents and great-grandparents will be lost forever. Do you really want that to happen in your name?**
- ❁ **The gardens are the green heart of the Granite City and provide a calm oasis in the city centre.**
- ❁ **We all know the Gardens require attention. Local businesses have committed their support for a 'Restoration without Obliteration' programme. This is the sensible and affordable option.**
